Theory: Reflective Essay Christiane
Nord Heidelberg/Vienna. As a text-type in their own
right, titles and headings are intended to achieve six
functions: distinctive, metatextual, phatic, referential,
expressive, and appellative. Taking as a point of
departure the hypothesis that translated texts have to
"function" in the target situation for which they are
produced by serving the purpose (s) they are intended
for (which may or may not be the "same" as those of
the source text), it is argued that the translator has
