Environmental Science by Wright, 10th Edition - AbeBooks A Guide to the Ninth Edition of Environmental Science Overview. The ninth edition is more than just an update. The main new feature of this edition is the extensive use of six unifying themes that help the reader to focus on the significance of the many issues that are presented. The themes of sustainability, sound science, and stewardship are retained from the eighth edition and now identified as strategic themes. To these I have added three more themes, which I call integrative themes
